FreeStyle-FreeRide MountainBoards

FreeStyle-FreeRide Lite

Based on the classic FreeStyle-FreeRide. The Lite is an all round board designed for the smaller, lighter rider with a shorter, more flexible deck. Adjustable length. Compatible with 8" and 9" tyres.

Deck: FreeStyle-FreeRide Lite

Alloy Axle Hangers: Standard

Rubber Bushes: Extra Soft

Axle: Alloy

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): noSno Soft / Rage

£399.99

FreeStyle-FreeRide

The classic all-round board. Strong, stable and ideal for most riders and all types of riding. Based on the original noSno board from the 1990's, the FreeStyle-FreeRide's continued development makes it the most tried and tested board on the market. Adjustable length. Compatible with 8", 9" and 10" tyres.

Deck: Custom 10 x 750

Alloy Axle Hangers: Standard

Rubber Bushes: Soft

Axle: Alloy

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): noSno Soft / Rage

£449.99

DownHill (photo incorrect - deck as FS-FR above)

The classic all-round FreeStyle-FreeRide board with the ultimate brake. Ideal for single track and the rider wanting to take it at their own pace. Adjustable length. Compatible with 9" and 10" tyres

Deck: Custom 10 x 750

Alloy Axle Hangers: Standard

Rubber Bushes: Soft

Axle: Alloy

Wheels: Primo C9 Composite

Tyres: 9" Stryker Tyre

Bindings (not included): noSno Soft / Rage

£999.99

Pro MountainBoards

Pro FreeStyle-FreeRide

The ultimate all-round board for all types of riding. A perfectly balanced, strong and lightweight board for more advanced or heavier riders. Designed for more response and extra pop with progressive flex through a stiffer deck. Adjustable length. Compatible with 8", 9" and 10" tyres.

Deck: Custom – Stiff (10 x 750)

Alloy Axle Hangers: Pro

Rubber Bushes: Soft

Axle: Alloy

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): noSno Soft / Rage

£499.99

Pro FreeStyle-FreeRide Extra Stiff

A perfectly balanced, strong and lightweight board ideal for freestyle, park and boarder-X riding with excellent freeride performance. Designed for more response and maximum pop with progressive flex through a much stiffer deck. Also an ideal all round board for the heaviest riders. Adjustable length. Compatible with 8", 9" and 10" tyres.

Deck: Custom – Extra Stiff (12 x 750)

Alloy Axle Hangers: Pro

Rubber Bushes: Medium

Axle: Alloy

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): noSno Soft / Rage

£549.99

Pro FreeRide

A perfectly balanced, stable and lightweight board using flexible composite axles for shock absorption, increased carve and a superior ride. The extra stiff and long deck increases stability at speed and maximises response and pop. Adjustable width and length for personal tuning. Can be under slung and compatible with 8", 9" or 10" tyres.

Deck: Custom – Extra Stiff Long (12 x 750)

Alloy Axle Hangers: Pro

Rubber Bushes: Medium

Axle: Composite - Standard

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): noSno Soft / Rage

£649.99

Pro DownHill

The ultimate freeride board with the ultimate brake. Unrivalled performance and stability at high speed has maintained this board's unbeaten record at the World Downhill Championships. Uses flexible composite axles for shock absorption, increased carve and a superior ride. Adjustable length. Compatible with 9" or 10" tyres.

Deck: Custom – Extra Stiff Long (12 x 750)

Alloy Axle Hangers: Pro

Rubber Bushes: Medium

Axle: Composite – Standard with Rear Axle Guard

Wheels: Primo C9 Composite

Tyres: 9" Stryker Tyre

Bindings (not included): noSno Soft / Rage

£1,249.99

KiteBoards

Kite FreeStyle-FreeRide

The ultimate all-round kite board. Strong, stable and easily adjustable to suit most riders. Stiffer than a standard mountainboard, the deck is cut-out for weight reduction and to stop sand and dirt building up under the feet. Adjustable length. Compatible with 8", 9" or 10" tyres and suitable for mountainboarding.

£449.99

Deck: Kite FreeStyle-FreeRide

Alloy Axle Hangers: Standard

Rubber Bushes: Extra Soft

Axle: Alloy

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): Velcro / Soft / Rage

Kite Pro FreeStyle

Perfectly balanced, stable and lightweight, ideal for kite freestyle. Uses flexible composite axles for shock absorption, increased carve and a superior ride. Adjustable width and length for personal tuning. Can be under slung or set up asymmetrically. Compatible with 8", 9" or 10" tyres and suitable for mountainboarding.

£599.99

Deck: Kite Pro FreeStyle

Alloy Axle Hangers: Pro

Rubber Bushes: Soft

Axle: Composite - Standard

Wheels: Primo Lightweight

Tyres: 8" Red 2-ply Lightweight Alpha Tyre

Bindings (not included): Velcro / Soft / Rage

Kite Pro FreeRide

The most stable board on the market ideal for carving and rougher terrain. The extra wide flexible composite axles give great shock absorption, increased carve and a superior ride. Adjustable width and length for personal tuning. Can be under slung or set up asymmetrically. Compatible with 8", 9" or 10" tyres and suitable for mountainboarding.

£599.99

Deck: Kite FreeStyle-FreeRide

Alloy Axle Hangers: Pro

Rubber Bushes: Soft

Axle: Composite - Standard

Wheels: Primo C9 Composite

Tyres: 9" Stryker Tyre

Bindings (not included): Velcro/ Soft / Rage

Hydraulic Disc Brake Systems

Hydraulic Disc Brake Kit

A complete noSno hydraulic disc brake system using Hope, Goodridge and Giant technology for unrivalled braking performance. Features a closed hydraulic system and dial adjustment on the lever for sensitivity. Comes with callipers, discs, disc spacers, bolts, steel braided hoses, handle, grip, lever, and lever guard.

£424.99

Hydraulic Disc Brake Kit with Mounts & Guards for Alloy Axle

A complete noSno braking system (as above) with calliper mounts, disc guards and bolts for an alloy axle. CNC engineered from noSno heat treated hi-tech aluminium alloy and hand polished to a mirror finish.

£614.99

Hydraulic Disc Brake Kit with Mounts & Guards for Composite Axle

A complete noSno braking system (as above) with calliper mounts, disc guards and bolts for a composite axle. CNC engineered from noSno heat treated hi-tech aluminium alloy and hand polished to a mirror finish.

£564.99

Hydraulic Disc Brake Assembly on Alloy Axle with 9" Stryker Tyres

An assembled noSno braking system mounted with disc guards on an alloy axle with 9" striker tyres. Option of noSno 10" tyres.

£724.99

Hydraulic Disc Brake Assembly on Composite Axle with 9" Stryker Tyres

An assembled noSno braking system mounted with disc guards on a composite axle with 9" striker tyres. Option of noSno 10" tyres.

£724.99

Decks

FreeStyle-FreeRide Lite – Flexible Short

A deck designed for lightweight, smaller riders for all types of riding. Shorter and more flexible than the standard FreeStyle-FreeRide deck. CNC engineered from noSno specialist epoxy composite. Adjustable length.

£99.99

FreeStyle-FreeRide – Standard (direct from noSno only)

Based on the classic original noSno board from the 1990's, the FreeStyle-FreeRide's continued development makes it the most tried and tested deck on the market. The complete all-rounder, ideal for most riders and all types of riding. CNC engineered from noSno specialist epoxy composite. Adjustable length and extra binding positions.

£124.99

Custom Decks

Designed for more response, progressive flex and superior pop. Machined rails for smooth board slides. CNC engineered from noSno specialist epoxy composite. Adjustable length and extra binding positions. Choice of 4 for custom requirements.

Custom - Stiff (10 x 750)

£149.99

Custom - Stiff Long (10 x 770)

£149.99

Custom - Extra Stiff (12 x 750)

£199.99

Kite FreeStyle-FreeRide - Stiff

Based on the classic FreeStyle-FreeRide Mountainboard the deck is stiffer and shaped to accommodate Velcro bindings. The cut-outs for weight reduction also stop sand and dirt building up under the feet. Ideal for kite boarding and suitable for mountainboarding. CNC engineered from noSno specialist epoxy composite. Adjustable length. Multiple Velcro binding positions and compatible with Soft and Rage Bindings.

£149.99

Kite Pro FreeStyle - stiff with Cut-Outs

The most unique shape on the market with centre cut-outs and a wide, stiff deck. Ideal for freestyle kite boarding and suitable for mountainboarding. CNC engineered from noSno specialist epoxy composite. Adjustable length. Multiple Velcro binding positions and compatible with Soft and Rage Bindings.

£149.99

Alloy Axle Hangers, Axles, Stubs and Guard

Alloy Axle Hanger – Standard

High strength to weight ratio with milled out centre section for weight reduction. CNC engineered from noSno heat treated hi-tech aluminium alloy, cold bent to retain maximum strength and hand polished to a mirror finish.

£34.99

Alloy Axle Hanger – Pro

Ideal for freestyle and heavier or more aggressive freeriders. Increased strength over standard axle hanger for similar weight. CNC engineered from noSno heat treated hi-tech aluminium alloy. Extensively milled for maximum weight reduction and cold bent to retain maximum strength. Aesthetically engineered with a milled noSno logo and hand polished to a mirror finish.

£59.99

Alloy Axle

Excellent strength to weight ratio and a well proven history for long lasting reliability. Ideal for boarder-X, freestyle and smooth grinds on rails. CNC engineered from noSno heat treated hi-tech aluminium alloy with specialist cold welding to retain maximum strength. Hardened steel inserts for the rubber bush bolts are glued and threaded. Shaped to match both the Standard and Pro Axle Hanger and hand polished to a mirror finish.

£74.99

Composite Axle with Stubs (set)

For better shock absorption, more stability, increased carve and a superior ride. Adjustable width. Can be under slung or set up asymmetrically. CNC engineered from noSno specialist epoxy composite. Not recommended for freestyle jumps or rails.

£249.99

Composite Axle - FR-280 (on right in image)

£74.99

Composite Axle - DH-280 for Brake (on left in image)

£74.99

Alloy Stub for Composite Axle

CNC engineered from noSno heat treated hi-tech aluminium alloy and hand polished to a mirror finish.

£29.99

Axle Guard

Protects the rear axle from damage by rocks and highly recommended for composite axles. Also reduces the risk of rear axle hang-ups and helps the board float over seriously rough and rocky terrain. CNC engineered from noSno heat treated hi-tech aluminium alloy. Extensively milled for maximum functionality and minimum weight. Aesthetically engineered with a milled noSno logo and hand polished to a mirror finish.
